

## Project Data Sheet

**Title** Pleasant Hills

**Location** Diablo Valley, Pleasant Hill, Ca

**Description** These one of a kind public art works will be installed at the new Diablo Valley Plaza in Pleasant Hill, California. Each piece complements the other with its inspiring organic feel. The massive scaled pair of flowers stand at 13 ft tall. The buds are infused with recycled glass centerpieces and hand shaped mild steel for the petals. The monarch butterfly bench has similar characteristics with materials and composition as the flowers. Finally, we have a maple leaf bench with decorative faux wood supports on the back.
