

Project Data Sheet

Title Until Then

Location Solano Transportation Authority Building
Suisun City, California

Description Until Then has just been approved by the Solano Transportation Authority to be fabricated and installed by January 2022. This work of art will be created entirely out of #8 mirror stainless steel. This sculpture will enhance the street scape and architecture while paying tribute to the concept of transportation. It symbolizes the emotion we all have felt whenever we use any form of transportation. We all have to say “goodbye.” That memory of a lasting silhouette of our loved ones, waving goodbye as we slowly pull away is something we all have felt.

Date 2022

Medium Mirror Stainless Steel

Dimensions 12'H x 6'W x 4"D

Commissioned by Solano Transportation Authority
